

The great adventure

From **7/11/2023**
to **22/11/2023**

Ship: **LE LYRIAL**

From **Montevideo**
to **Ushuaia**

In South Georgia and **on the shores of the White Continent**, follow in the footsteps of the greatest explorers during a **16-day polar expedition cruise**. Jean-Baptiste Charcot, Adrien de Gerlache, Ernest Shackleton, these legendary names evoke the most prodigious adventures, which PONANT is offering you the chance to discover during an unforgettable trip.

Le Lyrial will leave the **Uruguayan capital, Montevideo, for South Georgia**. It is there, amid the snow-covered mountains, that **Sir Ernest Shackleton** miraculously ran aground during the famous Endurance Odyssey in 1916, before returning to rescue the rest of his crew, left behind on the remote Elephant Island. You will travel back in time to (re)discover this fabulous saga and life at this little-known time in history.

You will sail on the Southern Ocean to reach the frozen shores of the nearly inaccessible **White Continent, Antarctica**. White shades take on a thousand nuances as it covers the icebergs, glaciers, mountains and frozen sea all around you. You will be one of the rare few travellers to have laid eyes on this legendary land, the theatre of the greatest expeditions and the witness of the most extraordinary adventures.

Throughout your trip, our team of naturalist guides will share with you the secrets of these faraway lands inhabited by unique wildlife. Discover **the vast territory of the penguins** – Adelie, king, chinstrap, Gentoo, Magellanic, southern rockhopper – albatrosses, numerous species of seals, and majestic whales blowing on the horizon.

To disembark in Ushuaia, in Tierra del Fuego, you will have to sail along **Drake Passage**. At the border between the Atlantic and the Pacific oceans, you will enter this mythical maritime route. The wind blows, the waves crash against the stem of the ship, and the cape petrels keep you company overhead until the end of your expedition.

We are privileged guests in these extreme lands where we are at the mercy of weather and ice conditions. Landings on certain sites and the observation of certain wildlife cannot be guaranteed. They vary from day to day, making each PONANT cruise a unique experience. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while complying with the safety rules and instructions imposed by the IAATO.
