CURIEUSE ISLAND

Departure 14/1/2021

Situated off the coast of Praslin, **Curieuse** has a distinguishing feature: its red earth. Discovered in 1768 by the French explorer Marc-Joseph Marion du Fresne, it was ravaged by a fire in 1771 and then home to a leper colony of which a few vestiges still remain. Declared a **national marine park** in 1979, it is home to many underwater species, which can be discovered while scuba diving or snorkelling in the idyllic waters of the Indian Ocean. But above all, Curieuse is renowned for the **hundreds of Aldabra giant tortoises** that live there. It is highly likely that you will get the chance to meet these fascinating reptiles. Along with Praslin, it is also the only island on which the **sea coconut** grows wild.

PRASLIN ISLAND

Arrival 15/1/2021

Departure 15/1/2021

Situated some forty kilometres away from Victoria, **Praslin** is the second largest island in the Seychelles. Its idyllic beaches where granite rocks nestle in immaculate sand correspond perfectly to how we imagine the Seychelles to be. They invite visitors to dive into the **turquoise waters**, which are ideal for snorkelling. In the centre of the island, hidden in the heart of a stunning tropical rainforest, lies the **Vallée de Mai Nature Reserve, listed as a UNESCO World Heritage Site**. In this veritable plant sanctuary, several endemic species of palm trees can be observed, as well as the famous sea coconut, which can weigh up to 20 kg and is sometimes called "*coco fesse*" because its shape calls to mind a pair of buttocks.

Aride is an island in the Seychelles situated a few kilometres north-west of Praslin. Listed as a **nature reserve**, this pearl of the Indian Ocean will seduce you with the beauty of its landscapes of **wild cliffs and fine-sand beaches**.
