### YOUR CRUISE

Discover the first PONANT wine cruise in partnership with Château Latour.

Cruise with Ponant on a new itinerary and discover the famous vineyards of Pauillac and Bordeaux in France.

Step aboard the *Le Soléal* in Lisbon for a 10-day wine cruise in partnership with the French wine estate Château Latour.

From the port of Leixoes, you will sail to Porto. The capital of the northern region, this 'city of granite' is not only known for its wine, but also for its remarkable historic town centre which is listed as a UNESCO World Heritage Site.

You will reach the town of Pauillac and the world-famous Château Latour. Rated "Premier Cru Classé" since 1855, the estate is one of the oldest vineyards of the Médoc region of France. You will enjoy a private tour of vineyards and wine houses and a wine tasting.

Located in the south west of France, Bordeaux is the world capital of wine. You will learn about the rich oenological tradition of its region at the new "La Cité du Vin", at the medieval town of Saint-Emilion or at the castle Château Siaurac.

From vineyards to ocean, this wine cruise promises to be a truly enriching experience.

PONANT works closely with Ducasse Conseil, a catering centre of excellence run by Alain Ducasse Entreprise. A gala dinner will be prepared by the team of the three-starred Chef, and served on board *Le Soléal*, with special food and wine pairings by Château Latour.
