06/11/2018
- 15 Hanga Roa, Easter Island (Chile)
Disembarkation 07/11/2018 at 00h00

YOUR CRUISE

Ponant invites you to enjoy an unforgettable experience discovering atypical destinations in the heart of the Pacific.

From Papeete to Hanga Roa, you will sail aboard *Le Boréal* for an exceptional 14-day cruise.

Far from the major maritime routes, the Gambier Islands are one of Polynesia's most unspoiled destinations. Encircled by a large ring of coral, its multicoloured lagoons are each more beautiful than the next and will offer a breathtaking show.

The *Le Boréal* will also make a stop in the small village of Rikitea, where Saint Michael's Cathedral stands proudly, built entirely of coral and wood.

Clear waters, abundant flora and endemic fauna... you will sail to the Pitcairn Islands, an unspoiled subtropical environment whose capital, Adamstown, resembles a charming small village.

Some 3,700 km away from the South American continent, you will reach the intriguing Easter Island. You will discover its famous wooden tablets called 'Rongorongo' and the Moai, or 'walking statues', listed as a UNESCO World Heritage Site.
