### YOUR CRUISE

PONANT invites you to experience a magical New Year with an exceptional itinerary to the southern West Indies.

From Fort-de-France, the capital of Martinique, you will set sail aboard *Le Champlain* for an 8-day cruise to discover the most beautiful islands in the Grenadines.

After having discovered Bequia, the “whale-hunting island,” and its wild and unspoiled coastline, *Le Champlain* will sail towards the island of Grenada and its elegant capital, St Georges. This is a particularly picturesque town nestled in a very pretty bay.

During your cruise, *Le Champlain* will lower her anchor in the Tobago Cays National Park. This rosary of islands bound together by the most beautiful coral reef in the West Indies, will reveal its incredible underwater wildlife and its secret coves.

You will then island hop gently towards Saint Lucia and her two majestic rocky peaks soaring straight from the sea, a unique location listed as UNESCO World Heritage site.

An experienced diving monitor is on board during the cruise. Don't miss the opportunity to explore the underwater world, whether scuba diving or snorkelling.
