YOUR CRUISE

From Italy to Greece, discover the most beautiful port of calls of Amalfi coast and Ancient Greece during a 8-days cruise on board Le Lyrial.

In a setting of vegetation and colourful tropical flowers, of bougainvilleas and oleanders, in the shadow of the snow-topped peak of Mount Etna, Taormina casts a spell over all its visitors.

Dreams are made of this - the multi-coloured strata of rocky outcrops in the Cyclades emerge from the shimmering waters of the Aegean Sea. Discover some of those pristine islands; Mykonos, with its wonderful white houses, winding streets, windmills, blue domed churches and magnificent beaches or even Delos, the sacred island where legend has it that Apollo was born.

FOCUS ON... NAPLES

More Italian than Italy itself, Naples is the capital of the beautiful region of Campania, and is an unusual city to say the least. Its gulf, dominated by Vesuvius, is one of the world's marvels. Built by the Greeks and then occupied by the Romans, the city has retained the memory of antiquity, as Castell dell'Ovo illustrates. But Naples has another side to it with its hustle and bustle, narrow streets, clothes hung out to dry at windows, Caravaggio paintings on the walls of a church, and incessant rumour in an sleepless city. This is a head-spinning city to visit and savour: don't forget to eat a slice of pizza Margherita.
